

For the June Bride

"Oh, dear," sighed the prospective June bride to herself, "I do hope somebody has thought enough to choose one of those perfectly stunning little gate-leg tables for us. I do want one so much, and I've so many other things to buy. I just know someone will spend just twice as much as that on something I don't want, and I wish I could tell them to select a table."

George Lander, proprietor of the Royal pool and billiard parlor and the Lander cigar store, started to-day on a several days' business trip to Boston and other cities in Massachusetts.

Mrs. Andrew Knutson of 19 Ayers street has completed a two weeks' visiting tour to Worcester, Mass., Providence, R. I., and New York City, calling on relatives in each city for a brief time.

Harry Jeffords, employed at the Canton Bros. granite manufacturing plant at the north end, returned yesterday from Essex Junction, after visiting for several days with John Crowley, a former Barre resident.

Land's orchestra started this morning by automobile for Richmond to play to-night for a grand celebration in honor of returned soldiers and sailors staged in that town to-day. To-morrow night they furnish music for the Randolph high school senior play.

Invitations have been issued for a reception to be held at the Odd Fellows' hall Wednesday evening, June 11, in honor of H. William Scott, who recently was elected supreme warden of the New England Order of Protection at the recent convention of that order in Boston.

The reception is given by Barre lodge, No. 138, N. E. O. P.

Two independent baseball nines located in the north end of the city had a very interesting 12-inning contest at Laticity park Wednesday afternoon.

The Brook street Cannonballs defeated the Berlin street Rounders 6 to 5. The batteries for the two teams were: For the Cannonballs, George Ross and Neil Wilkey; for the Rounders, Luigi Peroni and Herman Catto.

D. D. Jackson of Springfield, Mass., was in town yesterday arranging with different quarries and granite manufacturers to supply them with timbers used for boom derricks.

A combination of extreme toughness in great length is found to be most suitable. These are transported from the distant Oregon trail to our far north-eastern states mostly by water. Barre and Graniteville will soon be well supplied as already a great number of orders have been received by Mr. Jackson.

This evening at the Spaulding assembly hall a formal dance, or junior prom, will be held, beginning at 8 o'clock. Extensive preparations have been made to make it a very successful affair.

Yard and to-day students were trimming the hall in numerous colors, to present to the alumni and other classes a welcoming scene. Reardon's orchestra has been secured to furnish music for the evening, so that nothing but a successful evening can be had. Principal Hunt gave the committee something of encouragement when asked if the usual time for dancing could not be lengthened for this evening.

Palliation for Barre's failure to reach the quota of 250 books for the boys "over there" came recently with a monthly bulletin, published by the Vermont free public library commission, which contains a list of donations contributed by each town since last December. Barre leads with 210 to her credit, while Barton contains the next best group of good hearted citizens with a total of 163 for the six months. But with this city at the head of the list it is necessary to continue giving lest the city should lose its ranking place. If you've been a soldier you know the necessity for books; if you haven't, think what you could do in a strange land for enjoyment during spare moments. Don't forget the boys!

The Goddard baseball team, which started yesterday for New Hampshire to play a game in the morning at Lisbon and one in the afternoon at Littleton, returned late last night. The first game against Lisbon high school was a victory for Goddard after a 10-inning contest, which resulted with a score of 10 to 9.

The second and afternoon game was a defeat for the seminary team, ending 10 to 7. In this game William Beattie, shortstop for Goddard, fell upon the field while playing, being overcome by the heat. Kelly pitched at Lisbon and Howard at Littleton, and had the latter received proper support from the infielders would have won his game, as he is credited with a good game. Sassi caught for both games, since Brackett could not make the trip, and played very satisfactorily.

In 12 private cars yesterday, nearly every student of the senior class of Spaulding motored to Joe's pond for their last high school class outing. Most of them left here about 8 o'clock and did not return until quite late last evening.

An ice-cream-eating contest was won by William Calder. A swimming contest was held, Max Smith swimming across the pond from the two widest points without a stop. The class introduced a number of new features for the day that made it one long to be remembered. A great number of boats and canoes were constantly on the water with joy-riders and fishermen during the afternoon. In the evening, dancing to victrola music was enjoyed by many of the students at the pavilion and brought to an end a "perfect day."

Notice. Discharged soldiers and sailors are asked to register date of discharge at the home service section of the Red Cross, Jackson block, room 4, Monday, Tuesday and Saturday evenings and Sunday afternoons, also by appointment. Mrs. F. E. Robinson, executive secretary.
